G-RAID

Dual Drive, Professional RAID 0 Storage Solutions with High-Speed Interface

The G-RAID from G-Tech features a high-speed interface featuring 3Gbit eSATA, FireWire 800 (FireWire 400 via included cable) & USB 2.0 for universal connectivity and industry leading performance. It uses the latest generation Oxford 936 chipset and supports the simultaneous playback of multiple layers of HDV/DVCPRO HD/ProRes 422 HQ/SD with the leading video editing applications including Final Cut Pro. G-RAID is capable of delivering over 200 MB/second transfer rate when connected to any Mac or PC via eSATA. A soft on/off electronic power switch and quiet "smart" fan round out the professional feature set.

- The defacto standard in post production facilities around the world
- 3Gb eSATA interface with over 200MB/sec performance!
- Supports multi-stream DV, HDV, DVCPRO HD, XDCAM HD, ProRes 422 & uncompressed SD workflows
- Hardware RAID 0 with High-speed interface - eSATA, FireWire 800 (FireWire 400 via included cable) and USB 2.0 ports
- Integrated "smart" cooling fan for quiet operation and reliability
- Includes all cables
- Standard 3-year factory warranty
